2011/2012 has seen the trend for venues moving towards a need for more style, more exclusivity, more flexibility and more about what you want. Gone are the days of only having the option of tired run-of-the-mill hotels to hold your dream day- you have demanded more and the wedding market has listened and finally given in.

Whether you're looking to say 'I do' with your toes in the sand, fancy a summer garden celebration, or are looking for an amazing backdrop for a ceremony to remember- Unique Home Stays (<http://www.uniquehomestays.com>) have idyllic houses in stunning settings to choose from. Think intimate, low-key chilled out coastal gatherings, where a ceremony overlooking the sea is followed by a summer garden party and a jazz band plays in the background as the sun goes down, amazing shots for the album guaranteed. Or maybe you're dreaming of a no-holds-barred, marquee ceremony for 500, lavish 8-course meal exclusive weekend wedding, complete with fireworks spelling out your names at midnight. Whatever you desire from your special day, UHS can assist in making your dream a reality.

Unique Home Stays offers luxury private house accommodation (<http://www.uniquehomestays.com>) in over one hundred homes scattered over eight different countries. From castles to water mills, beachside havens to woodland hideaways, our unique selection of hand-picked B&Bs, amazing self-catered properties and stunning manor houses ensure that guests really do wake up somewhere different. Their aim is to exceed expectations every step of the way; 'good, average, nice' simply won't suffice. Please see a small selection below:
