

UNIQUE HOME STAYS

Unique Home Stays... Extraordinary houses... Simply the best hospitality

PRESS RELEASE

THE FEEL GOOD FACTOR: Organic Breakfast Parties

What we add at Unique Home Stays is immense care, attention to detail, and the best fresh produce either bought locally or home-grown.

Bangors House is a Cornish Unique Home Stay where delicious breakfasts are fully organic. The hosts use only the very best ingredients and only those which are grown, reared or locally sourced in accordance with the underlying principles of organic food production, avoiding the use of agrochemical inputs and minimising the damage to the environment and wildlife.

As the first certified organic B&B in the UK, Bangors House is setting exceptionally high, and new, standards, attracting not only the English guest escaping to the country, but also international travellers passionate about fresh local produce and regional food in season. The Dutch, Belgians and Germans in particular are seeking out food havens such as Bangors House where, along with great food, guests find exceptional, out of the ordinary accommodation and first class personal hospitality.

Unique Home Stays guests are guaranteed to enjoy homemade organic breakfast either on the terrace in fine weather or in the conservatory. Both provide the perfect setting in which to enjoy a delicious gourmet breakfast with a wonderful selection of farmhouse fare. Guests can feast upon a variety of tastes, from award winning organic sausages and free range eggs to home-baked breads and pastries and fresh fruit platters.

Unique Home Stays are keen for guests to experience the 'taste of the region' during their stay at all Unique Homes. These days, the quality of restaurants is such that almost every taste is catered for almost everywhere, but the local fare can be overlooked. Unique Homes are in the ideal position to offer that change to the 'regular diet', and we encourage our Members to provide the 'different'.
