

HOUSES TO RENT

Idyllic holiday cottages to rent for a UK break

At this time of year we're obsessed with that picture perfect cottage from 'The Holiday', so we've rounded up some of our favourite lookalikes to rent.

Who wouldn't want to spend Christmas hunkered down in a fire-lit cottage in the countryside? We know we certainly would, inspired by *that* cottage in *The Holiday* that Kate Winslet house-swaps for sunnier LA climes, and that subsequently becomes the site of the festive meet-cute for Cameron Diaz and Jude Law. While that cottage, with its enviable interiors typical of a Nancy Meyers film set, doesn't exist in reality, we've rounded up some of our favourite lookalikes to rent for a holiday, or even buy! Jude Law sadly not included.
