

50 AUTUMN ESCAPES

10 best log cabins in the UK for autumn

From Nordic-style huts with kingsize beds and stargazing skylights to hand-crafted log cabins in an old orchard of a family farm

5. Hinterland Cabin Conwy, Snowdonia

Hidden away on the north edge of Snowdonia National Park, Hinterland is the perfect spot for an autumn break. Woodland hugs the back and sides of this opulent log cabin, but the views — from the French doors, terrace and perfectly heated hot tub — extend out to rolling hills. Unsurprisingly, it's very popular with hikers. The interior suits the season too, with leaf-print fabrics, copper oddments and brown-leather sofas adding to the autumnal vibe.
