HOW TO HAVE A MERRY
(AND GREEN) CHRISTMAS

SUSTAINABILITY

Green getaway:
Unique Homestays'
Gaia Farmhouse

FAR, FAR AWAY

In my younger years, I was always on the lookout for the best Christmas party to attend after the family dinner, but these days I feel like escaping the fast pace of city life. As a Christmas gift to myself, I'll be slow living for a week at one of Unique Homestays' eco-friendly escapes. Each brilliantly blends sustainable design and eco tech with features such as rare orchid meadows and electric car chargers. Book at uniquehomestays.com.
