

9 Rustic Bathroom Ideas To Keep You Cozy All Year Long

6. Layers of Texture

Unique Homestays www.uniquehomestays.com

A mix of metals and cement features combine into a bathroom space full of rustic minimalism. Corrugated sheet metal serves at the shower stall with a bright copper rainfall showerhead, creating an open wet room. Concrete elements like the sink and soaking tub offer an edgy counterpoint and give the space a modern edge. Wood slat paneling along the wall and ceiling round out the design and keep things cozy.
